In the Institute internship program, faculty members are expected to be mentors for students. Do you feel that your faculty coordinator served such a function? Why or why not?

Yes, my faculty supervisor has guided me very well.

How well were you able to accomplish the initial goals, tasks and new skills that were set down in your learning contract? In what ways were you able to take a new direction or expand beyond your contract? Why were some goals not accomplished adequately?

I have learned all the tasks from the internet and with the guidance of my internship mentor, which has enabled me to complete the internship successfully.

In what areas did you most develop and improve?

I have developed my skills in android developement and backend development.

What has been the most significant accomplishment or satisfying moment of your internship?

Company gave me access to publish the app to play store and gave full access to all the services it provides

What did you dislike about the internship?

Company is a startup, so company increases workload compared to usual.

Considering your overall experience, how would you rate this internship? (Circle one). (Satisfactory / Good / Excellent)

Give suggestions as to how your internship experience could have been improved. (Could you have handled added responsibility? Would you have liked more discussions with your professor concerning your internship? Was closer supervision needed? Was more of an orientation required?)

It was awesome.
